

References of LLC EPC "Ingehim" ("Inzhekhim") from 2005 till present*

No.	Customer	Object	Works	City, country	Year
1	JSC "Kazanorgsintez"	Ethylene plant. Column K-48	Process calculations, designing, manufacturing and delivery of shell and internals	Kazan, Russia	2005
2	JSC "Kazanorgsintez"	Ethylene plant. Column K-130	Process calculations, designing, manufacturing and delivery of shell and internals	Kazan, Russia	2005
3	JSC "Kazanorgsintez"	Ethylene plant. Cumene column	Process calculations, designing, manufacturing and delivery of internals	Kazan, Russia	2005
4	JSC "Kazanorgsintez"	Ethylene plant. Column K-11	Process calculations, designing, manufacturing and delivery of internals	Kazan, Russia	2005
5	JSC "Nizhnekamsk- neftekhim"	Plant BK. Workshop 1309 Separators	Process calculations, designing, manufacturing and delivery of internals	Nizhnekamsk, Russia	2005
6	JSC "Nizhnekamsk- neftekhim"	Plant SKI-3. Column Kt-24	Process calculations, designing, manufacturing and delivery of internals	Nizhnekamsk, Russia	2005
7	JSC "Nizhnekamsk- neftekhim"	Plant SKI-3. Column Kt-24a	Process calculations, designing, manufacturing and delivery of internals	Nizhnekamsk, Russia	2005
8	JSC "Nizhnekamsk- neftekhim"	Plant SKI-3. Isoprene synthesis reactors	Process calculations, designing, manufacturing and delivery of internals	Nizhnekamsk, Russia	2005
9	JSC "Nizhnekamsk- neftekhim"	Plant SKI-3. Reactors for synthesis of 4,4- dimethyl-1,3- dioxane. Static mixers	Process calculations, designing, manufacturing and delivery	Nizhnekamsk, Russia	2005
10	JSC "Nizhnekamsk- neftekhim"	Plant SKI-3. Trimethyl carbinol synthesis reactor. Static mixers	Process calculations, designing, manufacturing and delivery	Nizhnekamsk, Russia	2005
11	Kazan National Research Technological University		Developing, designing, manufacturing and equipping with process control instruments, automatics, shutoff and control valves of laboratory units with the purpose of tooling up a laboratory of processes and apparatuses of chemical engineering	Kazan, Russia	2006

12	LLC "Kataliz"	Plant for production and treatment of low-pressure polyethylene	Works on dense loading of catalysts and adsorbents	Kazan, Russia	2006
13	JSC "Nizhnekamsk-neftekhim"	Plant SPS	Process calculations, designing, manufacturing and delivery of internals	Nizhnekamsk, Russia	2006
14	JSC "Khimprom"	Chlorobenzene plant. Tank for sedimentation of free water from benzene	Process calculations, designing, manufacturing and delivery of internals	Cheboksary, Russia	2006
15	JSC "Kazanorgsintez"	Low-pressure polyethylene plant	Works on loading of catalysts, adsorbents and inert granular materials	Kazan, Russia	2006
16	JSC "Kazanorgsintez"	Organic products plant. Carbon dioxide recovery unit. Absorber E-104	Process calculations, development of detailed design, manufacturing and delivery of internals	Kazan, Russia	2007
17	JSC "Kazanorgsintez"	Organic products plant. Carbon dioxide recovery unit. Column E-212	Process calculations, development of detailed design, manufacturing and delivery of internals	Kazan, Russia	2007
18	JSC "Kazanorgsintez"	Organic products plant. Carbon dioxide recovery unit. Column Kn-201	Process calculations, development of detailed design, manufacturing and delivery of internals	Kazan, Russia	2007
19	JSC "Kazanorgsintez"	Organic products plant. Carbon dioxide recovery unit. Column Kn-202	Process calculations, development of detailed design, manufacturing and delivery of internals	Kazan, Russia	2007
20	JSC "Kazanorgsintez"	Organic products plant. Carbon dioxide recovery unit. Column Kn-403	Process calculations, development of detailed design, manufacturing and delivery of internals	Kazan, Russia	2007
21	JSC "Kazanorgsintez"	Organic products plant. Ethanolamine recovery unit	Process calculations, development of detailed design, manufacturing and delivery of internals	Kazan, Russia	2007
22	JSC "Kazanorgsintez"	Ethylene plant. Unit for production of phenol and acetone. Supplementary column Kt-48 for phenol recovery	Process calculations, development of detailed design, manufacturing and delivery of internals	Kazan, Russia	2007

23	JSC "Kazanorgsintez"	Ethylene plant. Unit E-200. Oil catchers – 3 pieces	Designing and manufacturing of internals	Kazan, Russia	2007
24	JSC "Kazanorgsintez"	Ethylene plant. Commercial ethylene line. Oil catcher	Designing and manufacturing of internals	Kazan, Russia	2007
25	JSC "Kazanorgsintez"	Ethylene plant. Unit for production of phenol and acetone. Reactor of cationite treatment	Process calculations, development of detailed design, manufacturing and delivery of internals	Kazan, Russia	2007
26	JSC "Kazanorgsintez"	Ethylene plant. Butane- butadiene recovery column Kt-1601	Process calculations, development of detailed design, manufacturing and delivery of internals	Kazan, Russia	2007
27	JSC "Kazanorgsintez"	Ethylene plant. Butane- butadiene recovery column Kt-1602	Process calculations, development of detailed design, manufacturing and delivery of internals	Kazan, Russia	2007
28	JSC "Nizhnekamsk- neftekhim"	Plant SKI. Isoprene- isobuthelyne recovery column Kt-20	Process calculations, development of detailed design, manufacturing and delivery of internals	Nizhnekamsk, Russia	2007
29	JSC "Nizhnekamsk- neftekhim"	Oligomers plant. Hexene recovery column Kt-112	Process calculations, development of detailed design, manufacturing and delivery of internals	Nizhnekamsk, Russia	2007
30	JSC "Nizhnekamsk- neftekhim"	Plant SKI. Column Kt-72 for recovery of trimethyl carbinol and 4,4- dimethyl-1,3- dioxane from water layer	Process calculations, development of detailed design, manufacturing and delivery of internals	Nizhnekamsk, Russia	2007
31	JSC "Nizhnekamsk- neftekhim"	Plant SKI. Separating tank E-13a	Designing and manufacturing of internals	Nizhnekamsk, Russia	2007
32	JSC "Nizhnekamsk- neftekhim"	Plant SKI. Separating tank O-2682	Designing and manufacturing of internals	Nizhnekamsk, Russia	2007
33	JSC "Nizhnekamsk- neftekhim"	Plant SKI. Separators for isoprene synthesis reactors R-12/1, R-13/1, R-12/2, R-13/2, R-12/a, R-13/a	Designing and manufacturing of internals	Nizhnekamsk, Russia	2007

34	JSC "Nizhnekamsk-neftekhim"	Plant SKI. Separators for isoprene synthesis reactors O-12/1, R-13/1	Designing and manufacturing of internals	Nizhnekamsk, Russia	2007
35	JSC "Nizhnekamsk-neftekhim"	Plant SKI. Absorber for treatment of gas vents of reactors of formaldehyde K-15/1	Process calculations, development of detailed design, manufacturing and delivery of internals	Nizhnekamsk, Russia	2007
36	JSC "Nizhnekamsk-neftekhim"	Plant SKI. Absorber for treatment of formaldehyde K-15/2	Process calculations, development of detailed design, manufacturing and delivery of internals	Nizhnekamsk, Russia	2007
37	JSC "Nizhnekamsk-neftekhim"	Ethylene plant. Ethylene compression line. Separator T-FA-209-D	Designing and manufacturing of internals	Nizhnekamsk, Russia	2007
38	JSC "TANECO"	Refinery. Absorber of sulfur removal unit KA-107	Process calculations, development of detailed design, manufacturing and delivery of internals	Nizhnekamsk, Russia	2007
39	GK "Turkmengaz"	MDEA desorber K-2	Process calculations, development of detailed design, manufacturing and delivery of internals	Turkmenbashi, Turkmenistan	2007
40	JSC "TAIF-NK"	Gasoline plant. Sulfur removal unit. Extractors K-701, K-702	Designing and manufacturing of internals	Nizhnekamsk, Russia	2007
41	JSC "TAIF-NK"	Gasoline plant. Sulfur removal unit. Alkali separator S-702	Designing and manufacturing of internals	Nizhnekamsk, Russia	2007
42	JSC "TAIF-NK"	Gasoline plant. Sulfur removal unit. Regenerator KTK R-701	Designing and manufacturing of internals	Nizhnekamsk, Russia	2007
43	JSC "TAIF-NK"	Gasoline plant. Sulfur removal unit. Disulfide separator E-705	Designing, manufacturing and delivery of internals	Nizhnekamsk, Russia	2007
44	JSC "TAIF-NK"	Gasoline plant. Sulfur removal unit. Tank E-707 for hydrocarbons sedimentation from MEA solution	Designing, manufacturing and delivery of internals	Nizhnekamsk, Russia	2007

45	JSC "TAIF-NK"	Gasoline plant. Sulfur removal unit. Degassers E-708, E-709	Designing, manufacturing and delivery of internals	Nizhnekamsk, Russia	2007
46	JSC "TAIF-NK"	Gasoline plant. Sulfur removal unit. Tank E-305 for hydrocarbons sedimentation from MEA solution	Designing, manufacturing and delivery of internals	Nizhnekamsk, Russia	2007
47	JSC "TAIF-NK"	Gasoline plant. Sulfur removal unit. Gas separator- sediment tank E-201	Designing and manufacturing of internals	Nizhnekamsk, Russia	2007
48	JSC "TAIF-NK"	Gasoline plant. Sulfur removal unit. Gas separator E-401	Designing and manufacturing of internals	Nizhnekamsk, Russia	2007
49	JSC "TAIF-NK"	Gasoline plant. Sulfur removal unit. Gas separator E-306	Designing and manufacturing of internals	Nizhnekamsk, Russia	2007
50	LLC "NIKTIN I SM"	Phase separators R-2, R-3	Designing and manufacturing of internals	Moscow, Russia	2007
51	JSC "Nizhnekamsk- neftekhim"	Plant SKI. Extractor Kt-72A	Designing and manufacturing of internals	Nizhnekamsk, Russia	2008
52	JSC "Nizhnekamsk- neftekhim"	Oligomers plant. Column Kt-142A	Designing and manufacturing of internals	Nizhnekamsk, Russia	2008
53	JSC "Nizhnekamsk- neftekhim"	Plant BK. Columns K-21, K-38	Designing and manufacturing of internals	Nizhnekamsk, Russia	2008
54	JSC "Nizhnekamsk- neftekhim"	Polyolefines plant. Gas separator D-1713	Designing and manufacturing of internals	Nizhnekamsk, Russia	2008
55	JSC "TAIF-NK"	Gasoline plant. Sediment tank E-801	Designing and manufacturing of internals	Nizhnekamsk, Russia	2008
56	JSC "TAIF-NK"	Gasoline plant. Sediment tank E-820	Designing and manufacturing of internals	Nizhnekamsk, Russia	2008
57	JSC "TAIF-NK"	Gasoline plant. Sediment tank E-835	Designing and manufacturing of internals	Nizhnekamsk, Russia	2008
58	JSC "TAIF-NK"	Gasoline plant. Sediment tank E-852	Designing and manufacturing of internals	Nizhnekamsk, Russia	2008

59	JSC "TAIF-NK"	Gasoline plant. Sediment tank E-863	Designing and manufacturing of internals	Nizhnekamsk, Russia	2008
60	JSC "TAIF-NK"	Gasoline plant. Sediment tank E-872	Designing and manufacturing of internals	Nizhnekamsk, Russia	2008
61	JSC "TAIF-NK"	Gasoline plant. Static mixer	Designing and manufacturing	Nizhnekamsk, Russia	2008
62	JSC "Kazanorgsintez"	Plant bisphenol-A. Column VS-330	Designing and manufacturing of internals	Kazan, Russia	2008
63	JSC "Kazanorgsintez"	Plant bisphenol-A. Column VS-370	Designing and manufacturing of internals	Kazan, Russia	2008
64	JSC "Kazanorgsintez"	Plant bisphenol-A. Column VS-420	Designing and manufacturing of internals	Kazan, Russia	2008
65	JSC "Kazanorgsintez"	Organic products plant. Separator E-208	Designing and manufacturing of internals	Kazan, Russia	2008
66	JSC "Kazanorgsintez"	Organic products plant. Absorber Kn-201	Designing and manufacturing of internals	Kazan, Russia	2008
67	JSC "Nizhegorodniinefteproekt"	AVDU unit. Column K-5 for LLC "LUKOIL-Nizhegorodnefteorgsintez"	Development of engineering design	Nizhniy Novgorod, Russia	2008
68	LLC "Trade House "LUKOIL"	Catalytic cracking complex. Static mixers SM-1, SM-2 for LLC "LUKOIL-Nizhegorodnefteorgsintez"	Designing and manufacturing	Kstovo, Russia	2008
69	JSC "Gazprom", branch "Yamburg-gazdobycha" Ltd.	CGTP-2C. Separator 20S-1/7. Filter. Phase separator	Designing and manufacturing of internals	Yamburg, Russia	2008
70	JSC "Orsknefteorgsintez"	Unit L-35-11/300. Absorber K-3	Development of engineering design. Designing, manufacturing and delivery of internals (trays). Delivery of a shell with internals in cooperation with JSC "Kurgankhimmash"	Orsk, Russia	2008
71	JSC "LUKOIL-Nizhegorodnefteorgsintez"	AGFU unit. Column K-5	Designing and manufacturing of internals	Kstovo, Russia	2008

72	JSC "Nizhegorod-niinefteproekt"	AVDU unit. Sediment tank E-8 for LLC "LUKOIL-Nizhegorod-nefteorgsintez"	Development of engineering design	Nizhniy Novgorod, Russia	2008
73	JSC "Nizhegorod-niinefteproekt"	AVDU unit. Tank E-10 for LLC "LUKOIL-Nizhegorod-nefteorgsintez"	Development of engineering design	Nizhniy Novgorod, Russia	2008
74	JSC "Nizhegorod-niinefteproekt"	AVDU unit. Sediment tank E-11 for LLC "LUKOIL-Nizhegorod-nefteorgsintez"	Development of engineering design	Nizhniy Novgorod, Russia	2008
75	JSC "Nizhegorod-niinefteproekt"	AVDU unit. Separator S-5 for LLC "LUKOIL-Nizhegorod-nefteorgsintez"	Development of engineering design	Nizhniy Novgorod, Russia	2008
76	JSC "Gazprom", branch "Yamburg-gazdobycha" Ltd.	Unit for removal of mechanical admixtures from glycols by rotation filtration	Development of requirement specifications	Yamburg, Russia	2008
77	JSC "Nizhnekamsk-neftekhim", Scientific and Technological Center	Pilot unit for regeneration of solvents used at production of ethylene propylene rubbers	Development of design-and-engineering documentation, manufacturing and delivery	Nizhnekamsk, Russia	2008-2009
78	JSC "Slavneft-YANOS"	Unit LCh-24/7. Low-pressure separators S-104, S-204	Designing, manufacturing and delivery of internals	Yaroslavl, Russia	2009
79	JSC "Nizhnekamsk-neftekhim"	Column EDA-203	Designing of internals	Nizhnekamsk, Russia	2009
80	JSC "TAIF-NK"	Dimethyl ether recovery column	Process calculations, designing and preparing a technical proposal for works on manufacturing and delivery of internals	Nizhnekamsk, Russia	2009
81	NGDU "Elkhovneft"	Crude distillation unit ELOU-A1-500. Assembly for extracting benzene from stable reforming catalyzate for producing commercial	Development of engineering design	Almetyevsk, Russia	2009

		gasoline with benzene contents less than 1 vol. %. Columns T-202, T-203			
82	JSC "Tatneft"	Columns and apparatuses for JSC "TANECO"	Process calculations, designing and preparing a technical proposal for works on manufacturing and delivery of internals	Almetyevsk, Russia	2009
83	JSC "Kamteks-Khimprom"	Separators A-251, A-252	Process calculations, designing and preparing a technical proposal for works on manufacturing and delivery of internals	Kstovo, Russia	2009
84	LLC "Bormash"	Separator for treatment of light petroleum products	Process calculations, designing and preparing a technical proposal for works on manufacturing and delivery of internals	Borisoglebsk, Russia	2009
85	LLC "NIKTIN I SM"	Distributing gas-compressor station. Separator S-4	Process calculations, designing and preparing a technical proposal for works on manufacturing and delivery of internals	Moscow, Russia	2009
86	LLC "NIKTIN I SM"	Separators S-1, S-2, S-3	Process calculations, designing and preparing a technical proposal for works on manufacturing and delivery of internals	Moscow, Russia	2009
87	LLC "NIKTIN I SM"	Separator S-102	Process calculations, designing and preparing a technical proposal for works on manufacturing and delivery of internals	Moscow, Russia	2009
88	LLC "NIKTIN I SM"	Separators S-103, S-103A, S-301	Process calculations, designing and preparing a technical proposal for works on manufacturing and delivery of internals	Moscow, Russia	2009
89	ZAO "RNPK"	Unit TK1. Separator E-2	Designing, manufacturing and delivery of internals	Ryazan, Russia	2009
90	JSC "KuibyshevAzot"	Caprolactam plant. Separator 2/16	Preparing a technical proposal for works on manufacturing and delivery of internals	Togliatti, Russia	2009
91	GUP "Salavat-giproneftekhim"	Sediment tank V-114	Preparing a technical proposal for works on manufacturing and delivery of internals	Salavat, Russia	2009
92	GUP "Salavat-giproneftekhim"	Static mixers MX-101, MX-102, MX-103, MX-104, MX-105	Preparing a technical proposal for works on manufacturing and delivery of internals	Salavat, Russia	2009

93	LLC "Togliattikauchuk"	Isoprene and SKI-3 plant	Inspection of process flows aimed at reducing consumptions of energy resources	Togliatti, Russia	2009
94	LLC "Togliattikauchuk"	Isoprene plant. Static mixer 105a	Designing, manufacturing and delivery	Togliatti, Russia	2009
95	LLC "Togliattikauchuk"	Isoprene and isoprene rubbers plant	Technical and economic assessment of expandability of existing isoprene and polyisoprene rubber production plant	Togliatti, Russia	2009
96	LLC "Novatek- Yurkharovneftegaz"	Yurkharov oil and gas condensate field. Separators S-1, S-3A. Slug catchers PU-1	Manufacturing, delivery and supervised installation of internals	Yurkharov, (Tazov Bay), Russia	2009
97	LLC "Novatek- Yurkharovneftegaz"	Yurkharov oil and gas condensate field. Complex gas treatment plant	Measuring the disperse phase contents (quantity of entrained dropping liquid) using a disperse phase contents meter (ISDF-2) in gas stream before and after tubular separators at commissioning of turbo- expanders	Yurkharov, (Tazov Bay), Russia	2009
98	LLC "Resurs"	Refinery. Separators S-1, S-2, S-3	Process calculations, designing, manufacturing and delivery of shells and internals	Kargasok, Russia	2009 2010
99	LLC "LUKOIL- Zapadnaya Sibir"	Nakhodkinskoe field. TPP "Yamalneftegaz"	Measuring the disperse phase contents (quantity of entrained dropping liquid) in gas stream after separators	Nakhod- kinskoe field, Russia	2010
100	JSC "TogliattiAzot"	Aggregate No.1. Absorbers	Manufacturing and delivery of internals	Togliatti, Russia	2010
101	JSC "VNIIneftemash"	Filter F0001/A/B for JSC "TANECO"	Designing, manufacturing and delivery of internals	Moscow, Russia	2010
102	JSC "VNIPIgazdobycha"	Block of static mixer 100 SS1	Development of engineering design	Saratov, Russia	2010
103	JSC "VNIPIgazdobycha"	Block of 3-phase separator 100 R1	Development of engineering design	Saratov, Russia	2010
104	"MRK Engineering" Ltd.	Unit for preparation of brine water. Block of pressure sediment tank 11-O-23-1-1,2. Block of flotator- degasser 11-FD-23-1-1,2	Designing, manufacturing and delivery of internals	Moscow, Russia	2010

105	LLC "NIKTIN I SM"	Columns K-201, K-202, K-401, K-402. Separators S-201, S-401	Process calculations, designing and preparing a technical proposal for works on manufacturing and delivery of apparatuses with internals	Moscow, Russia	2010
106	LLC "TyumenNIIgiprogas"	Separator S-5a for LLC "Novatek- Yurkharov- neftegaz"	Development of engineering design	Tyumen, Russia	2010
107	LLC "Novatek- Yurkharovneftegaz"	Yurkharov oil and gas condensate field. Separator C5a.1-9 before turbo- expander	Manufacturing, delivery and supervised installation of internals	Yurkharov, (Tazov Bay), Russia	2010
108	JSC "VNIPIneft"	Tanks E-401, E-210, E-211, E-212	Process calculations, designing and preparing a technical proposal for works on manufacturing and delivery of internals	Moscow, Russia	2010
109	JSC "Slavneft-YANOS"	Tanks E-101, E-202, E-203, E-204, E-301, E-402	Process calculations, designing and preparing a technical proposal for works on manufacturing and delivery of internals	Yaroslavl, Russia	2010
110	NGDU "Elkhovneft"	Crude distillation unit ELOU-A1-500. Assembly for extracting benzene from stable reforming catalyzate for producing commercial gasoline with benzene contents less than 1 vol. %. Columns T-202, T-203	Manufacturing and delivery of shells and internals	Almetyevsk, Russia	2010
111	LLC "Volkhovneftekhim"	Static mixers OL-16, OL-17, OL-18	Designing, manufacturing and delivery	Saint- Petersburg, Russia	2010
112	LLC "Novatek- Yurkharovneftegaz"	Yurkharov oil and gas condensate field. Meter of disperse phase contents in gas stream	Manufacturing and delivery	Yurkharov, (Tazov Bay), Russia	2010

113	LLC "Gazprom dobycha Orenburg"	Unit U-04 of second line of gas processing plant. Sour gas separator 04-D401	Designing, manufacturing and delivery of internals	Orenburg, Russia	2010
114	JSC "VNIPIgazdobycha"	Urengoy'skoye field. Booster compressor station at CGTP-1 AB. Block of filter-separators FS-1 No.1-2 together with a reinforcing block for LLC "Gazprom dobycha Urengoy"	Development of engineering designs	Saratov, Russia	2010
115	JSC "VNIPIgazdobycha"	Urengoy'skoye field. Booster compressor station at CGTP-8 B. Block of filter-separators FS-1 No.1-3 together with a reinforcing block for LLC "Gazprom dobycha Urengoy"	Development of engineering designs	Saratov, Russia	2010
116	JSC "VNIPIgazdobycha"	Urengoy'skoye field. Booster compressor station at CGTP-1 AB. Block of filter-separators FS-2 No.1-3 together with a reinforcing block for LLC "Gazprom dobycha Urengoy"	Development of engineering designs	Saratov, Russia	2010
117	JSC "VNIPIgazdobycha"	Urengoy'skoye field. Booster compressor station at CGTP-8 B. Block of filter-separators FS-2 No.1-2 together with a reinforcing block	Development of engineering designs	Saratov, Russia	2010

		for LLC "Gazprom dobycha Urengoy"			
118	LLC "NPP GKS"	Block for separations of liquids for JSC "Tomskgazprom"	Designing, manufacturing and delivery	Kazan, Russia	2010
119	JSC "Yuzhniigiprogaz"	Diethylene glycol regeneration unit. Filter block for purifying rich diethylene glycol	Development of engineering design	Donetsk, Ukraine	2010
120	LLC "Servisneftegaz"		Works on measuring dropping liquid entrainment after process equipment	Orenburg, Russia	2010
121	JSC "TAIF-NK"	Gasoline plant. Desulfurization unit. Water washing apparatus K-703	Designing, manufacturing and delivery of internals	Nizhnekamsk, Russia	2010
122	JSC "TAIF-NK"	Gasoline plant. Separator E-501	Designing, manufacturing and delivery	Nizhnekamsk, Russia	2010
123	JSC "TAIF-NK"	Gasoline plant. Static mixer SM-704	Designing, manufacturing and delivery	Nizhnekamsk, Russia	2010
124	JSC "Kazanorgsintez"	Ethylene plant	Works on uniform loading of catalysts, adsorbents and inert granular materials	Kazan, Russia	2010
125	LLC "TyumenNIIgiprogas"	Separators S-1, PU-1 for LLC "Novatek- Yurkharov- neftegaz"	Development of engineering designs	Tyumen, Russia	2011
126	LLC "Novatek- Yurkharovneftegaz"	Yurkharov oil and gas condensate field. Booster compressor station. Filter-separators S-1/1-7, S-2/1-6, S-3/1-7 located before booster compressor station	Development of engineering designs	Yurkharov, (Tazov Bay), Russia	2011
127	JSC "Kazanorgsintez"	Ethylene plant. Oil catchers E-78 A/B, E-78 V/G	Development of engineering designs, manufacturing and delivery	Kazan, Russia	2011

128	JSC "Neftegazovaya Innovatsionnaya Korporatsiya"	First stage separator of ejector 31V-24, second stage separator of ejector 31V-25, separator-distributor of vacuum generator 31V-26 for "Oil Refinery" j.s.c. Brod, Bosnia and Herzegovina	Development of engineering designs, manufacturing and delivery of shells and internals	Moscow, Russia (for Bosnia and Herzegovina)	2011
129	LLC "PPN-Servis"	Complex oil treatment plant. Absorber K-301, desorber K-302 for JSC "Sheshmaoil"	Development of engineering designs	Almetyevsk, Russia	2011
130	LLC "Tobolsk-neftekhim"	Unit B-3P. Static mixers SM-1, SM-2	Designing, manufacturing and delivery	Tobolsk, Russia	2011
131	ZAO "Trade House "Orgkhim"	CJSC "Orgkhim Production Company". Workshop of extracts normalization	Laboratory studies on determining dispersed characteristics of an undesired component of the feed mixture and development of a method for solid phase extraction	Uren, Russia	2011
132	ZAO "Trade House "Orgkhim"	CJSC "Orgkhim Production Company". Workshop of extracts normalization	Laboratory studies on separating the tailing fraction of oil extracts into the distillate and the bottom product	Uren, Russia	2011
133	ZAO "Trade House "Orgkhim"	CJSC "Sibirsky Pine Chemical Plant". Block of terpene alcohol distillation	Hydrodynamic and mass transfer calculations of the block of terpene alcohol distillation	Lesosibirsk, Russia	2011
134	ZAO "Trade House "Orgkhim"	CJSC "Sibirsky Pine Chemical Plant". Block of terpene alcohol distillation	Preparation of initial design data for technical upgrading of a pine oil extraction plant	Lesosibirsk, Russia	2012
135	JSC "Voronezhskintez-kauchuk"	Static mixers GM-211, GM-214	Designing, manufacturing and delivery	Voronezh, Russia	2012

136	LLC "Corporation Uraltehnostroy"	Urengoykoye field. Booster compressor station at CGTP-8B Separators FS-1 No.1-3, FS-2 No.1-2	Designing, manufacturing and delivery of internals	Ufa, Russia	2012
137	JSC "Kazanorgsintez"	Ethylene plant. Cold block 0771-0776. Filtering elements for filter F-521 A/B	Designing, manufacturing and delivery	Kazan, Russia	2012
138	JSC "Kazanorgsintez"	Ethylene plant. Separator E-24	Designing, manufacturing and delivery of internals	Kazan, Russia	2012
139	LLC "Energo-oborudovanie"	Unit for production of MTBE. Static mixer SM-1 for JSC "Kuibyshev Oil Refinery"	Designing, manufacturing and delivery	Samara, Russia	2012
140	LLC "PPN-Servis"	Complex oil treatment plant. Block of gas desulfurization. Absorber K-301, desorber K-302 for JSC "Sheshmaoil"	Manufacturing and delivery of columns with internals	Almetyevsk, Russia	2012
141	LLC "Saulit-Engineering"	Phase separator V-101 for JSC "Gazpromneft-MNPZ"	Designing, manufacturing and delivery of internals	Moscow, Russia	2012
142	JSC "Uraltehnostroy-Tuimazykhimmash"	Phase separator V-103, separator V-207 for JSC "Gazpromneft-MNPZ"	Designing, manufacturing and delivery of internals	Tuimazy, Russia	2012
143	ZAO Engineering Center "Technohim"	Tanks E-210, E-211, E-212 for LLC "LUKOIL-Volgograd-neftepererabotka"	Designing, manufacturing and delivery of internals	Saint-Petersburg, Russia	2012

144	LLC "Yug-Neftegaz-komplekt"	Unit ELOU-AVT-1. Static mixers SM-210, I-211 for LLC "LUKOIL-Volgograd-neftepererabotka"	Designing, manufacturing and delivery	Volgograd, Russia	2012
145	LLC "Taimura"	Columns of diameter 600 mm	Delivery of structured segmentary packing	Evenki Autonomous Area, Russia	2012
146	JSC "Kazanorgsintez"	Ethylene plant. Filters with filtering elements SPM-508, SPM-519, SPM-534	Designing, manufacturing and delivery	Kazan, Russia	2012
147	JSC "Kazanorgsintez"	Pumping drum No. 2 of the 6th stage B-3 E-24	Designing, manufacturing and delivery of internals	Kazan, Russia	2012
148	LLC "Tobolsk-neftekhim"	Columns Kt-20, Kt-30A	Manufacturing and delivery of trays	Tobolsk, Russia	2012
149	LLC "Energo-oborudovanie"	Unit FCC. Static mixers 110-ME01, 120-ME01, 140-ME01, 140-ME02 for JSC "Syzran Refinery"	Designing, manufacturing and delivery	Samara, Russia	2013
150	LLC "Trade House "LUKOIL"	Unit for hydrofining of cat-cracked gasoline. Static mixer 32-ME7002 for LLC "LUKOIL-Nizhegorod-nefteorgsintez"	Designing, manufacturing and delivery	Kstovo, Russia	2013
151	LLC "Novatek-Tarkosaleneftegaz"	Separators S-101/1, S-102/1, S-101/3, S-101/4, S-101/5	Manufacturing, delivery of internals, supervised installation and pre-commissioning	Tarko-Sale, Russia	2013
152	LLC Research and Production Company "EkoPromServis"		Manufacturing and delivery of random packing	Samara, Russia	2013
153	LLC "OptimRemStroy"	Complex gas treatment plant of Achim deposits of Urengoykoye field of Samburg	Manufacturing and delivery of apparatus shells with internals in cooperation with JSC "Kurgankhimmash"	Saint-Petersburg, Russia	2013

		oil and gas condensate field. Separators S-201: 2 pieces, S-202: 2 pieces, S-111: 5 pieces, FS-111: 5 pieces for JSC "Arktikgaz"			
154	JSC "KuibyshevAzot"	Unit for oils production	Base data preparation for engineering of an emergency discharge system for process units destined for KA-oil production	Togliatti, Russia	2013
155	LLC "Gazprom dobycha Noyabrsk"		Development of technical documentation for ensuring safety of equipment operation at hazardous industrial facilities	Noyabrsk, Russia	2013
156	ZAO "Nortgaz"	Gas purification workshop of Vostochny dome of Severo-Urengoyское oil and gas condensate field	Works on modernization of process equipment of the gas purification workshop. The works include: - Development of an engineering design of modernization of inlet separators including a block of accessories (valves, fittings, etc). - Manufacturing and delivery of internal blocks for separators: S-1 with PU-1: 2 pieces, S-2 with PU-2: 1 piece, S-3a: 3 pieces, S-3b: 3 pieces. - Manufacturing and delivery of the block of accessories: AU-1 for S-1, S-2	Novy Urengoy, Russia	2013
157	ZAO "Nortgaz"	Gas purification workshop of Zapadny dome of Severo-Urengoyское oil and gas condensate field	Works on modernization of process equipment of the gas purification workshop. The works include: - Development of an engineering design of modernization of inlet separators. - Manufacturing and delivery of internal blocks for separators: S-3a.1 with piping CPG-1 S-3a.2 with piping CPG-2 S-3a.3 with piping CPG-2	Novy Urengoy, Russia	2013
158	Kazan State Power Engineering University	Stand for training and demonstrations: "Energy and resource saving pulsating reactor for solid-liquid-phase systems"	Engineering, manufacturing and delivery	Kazan, Russia	2013

159	LLC "Novatek-Tarkosalenftegaz"	Vostochno-Tarkosalinskoe field. Booster compressor station. Filter-separators FS-1, FS-2, FS-3	Manufacturing and delivery of internals, supervised installation and pre-commissioning	Tarko-Sale, Russia	2013
160	LLC "LUKOIL-Nizhegorodnii-nefteproekt"		Selecting appropriate processing equipment for the process of drying calcium fluoride and calculation of the process	Nizhniy Novgorod, Russia	2013
161	Kazan National Research Technological University	Pilot distillation unit	Development, manufacturing and delivery	Kazan, Russia	2013
162	CJSC "Group of Companies "RusGazEngineering"	CGTP of Termokarstovoye field. Separator S-4, filter-separators FS-1.1, FS-1.2, Filters F-1.1, F-1.2, F-2.1, F-3.1, F-3.2 for ZAO "Terneftegas"	Manufacturing and delivery of internals	Podolsk, Russia	2013
163	ZAO "Trade House "Orgkhim"		Technical re-equipping of a pine oil distillation unit. Works on engineering of the unit including development of technical specifications, engineering surveys, development of detailed design documentation, as-built documentation (except for documentation for automated technological process control systems). Manufacturing and delivery of internals. Installation of internals. Pre-commissioning. Commissioning of the unit	Nizhniy Novgorod, Russia	2013
164	JSC "Tatneft", "Tatneftegaz-pererabotka" administration		Manufacturing and delivery of random packing	Almetyevsk, Russia	2013
165	LLC "PKF "Promservice"	Complex of hydrotreating and isodewaxing of oils. Regenerator-column K-9	Manufacturing and delivery of internals	Penza, Russia	2013

		for JSC "Angarsk petrochemical company"			
166	Kazan State Power Engineering University		Experimental investigation of hydrodynamics and mass transfer of a diffusion pulsating apparatus	Kazan, Russia	2013
167	LLC "Energo- oborudovanie"	Hydrotreatment of vacuum gasoil complex. Hydrogen generation unit. Static mixer 310-ME001 for OJSC "Kuibyshev Refinery"	Designing, manufacturing and delivery	Samara, Russia	2014
168	OJSC "Tyumen Metal Structures Plant"		Development, manufacturing and delivery of internals	Tyumen, Russia	2014
169	JSC "Pechoraneft"	Energy park for oil collection and delivery "Lekkhpr'yaga". Associated petroleum gas preparation plant with desulfurization	Development of detail and design documentation. Manufacturing of the plant. Construction and assembling operations. Delivery of equipment to Lekkhpr'yaga. Chief installation, start-up. Integrated testing of equipment. Commissioning. Fulfillment of obligations within warranty period	Usinsk, Russia	2014
170	LLC "Expert Technical Center CKBN"	Urengoyenskoye field of Samburg license area for pilot testing period. Second line of construction of Achim deposits. Separators S-201, S-202 for JSC "Arktikgaz"	Development, manufacturing and delivery of internals	Podolsk, Russia	2014
171	LLC "PLCGroup"		Preparation of main engineering solutions for objects of reconstruction of condensate transportation and preparing plant	Kazan, Russia	2014
172	LLC "Kurgankhim- mash"	Gas dehydration plant. Inlet separator SV-1, separator R-1, three-phase separator R-2 for LLC "YaRGeo"	Development of engineering designs of apparatuses	Kurgan, Russia	2014

173	LLC "Gazprom dobycha Noyabrsk"	Filter-separator for complex gas treatment plant of Vyngayakhin gas field, separator for preliminary gas processing terminal of ETGM gas field	Development of technical documentation for ensuring safety of equipment operation at hazardous industrial facilities	Noyabrsk, Russia	2014
174	LLC "LUKOIL-Nizhegorodnii-nefteproekt"	Yaregskoe oil field	Development of technology of stratum water purification	Nizhniy Novgorod, Russia	2014
175	LLC "Novatek-Tarkosaleneftegaz"	Complex gas treatment plant of gas production workshop of Vostochno-Tarkosalinskoe field. Natural gas dehydration workshop. Absorbers 12A-01/1, 12A-01/2, 12A-01/3, 12A-01/4, 12A-01/5	Development, manufacturing and delivery of internals	Tarko-Sale, Russia	2014
176	ZAO "Teplohim"	Gas-handling facility of energy park "Yuzhnoe Khy'l'chuyu". Gas separator	Development, manufacturing and delivery of internals	Borisoglebsk, Russia	2014
177	CJSC "Orgkhim Production Company"		Manufacturing and delivery of random packing	Nizhniy Novgorod, Russia	2014
178	JSC "Arktikgaz"	"Reconstruction of Valanginian deposits of Samburg license area of Urengoykoye field for pilot testing period". Third line. Technological center No. 3 of gas and condensate preparation. Separation equipment: S-1, PU-1, S-4, R-1, R-2, V-1	Development, manufacturing and delivery of internals of process equipment	Novy Urengoy, Russia	2014
179	JSC "Dimitrovgrad-khimmash"	North-Khancheisk gas condensate field. Separators S-1.1 with PU-1.1, S-1.2	Development, manufacturing and delivery of internals	Dimitrovgrad, Russia	2014

		with PU-1.2, S-1.3 with PU-1.3 for LLC "Novatek- Tarkosale- neftegaz"			
180	TOO "Kaztehrresurs"	Experimental unit for magnetic separation of multicomponent metal containing media	Development, manufacturing and delivery	Astana, Kazakhstan	2014
181	LLC "Nika"	Column KN-1	Development, manufacturing, delivery, chief installation of internals	Kazan, Russia	2014
182	LLC "OptimRemStroy"	Yarudeyskoe field. Gas treatment plant. Separators SV-1, SV-2, gas separators S-1.1, S-1.2, S-3.1, S-3.2, phase separator R-2.1, phase separators R-1, R-2.2 for LLC "YaRGeo"	Manufacturing, delivery, chief installation of internals	Saint-Petersburg, Russia	2014
183	LLC "Gazprom dobycha Urengoy"	Pumping station for condensate feeding. Station for metering of weathering gas	Design documentation preparation for blocks of accessories (valves, fittings, etc.) for process workshops of complex gas treatment plant CGTP-2B	Novy Urengoy, Russia	2014
184	LLC "Sibgazproekt"	Urengoy'skoye field. Gas well reconstruction. Methanol regeneration plant. Block of degasser D-1, block of reflux tank E-1, block of emergency tank E-2, block of pump of regenerated methanol N-1, reinforcing block ar-1,	Development of engineering designs	Omsk, Russia	2014

		block of product pumping out N-2, block of pump of gas condensate N-3, block of column K-1			
185	LLC Research and Production Company "EkoPromServis"		Manufacturing and delivery of random packing	Samara, Russia	2014
186	LLC "NOVATEK-Purovskiy ZPK"	Liquefied petroleum gas dehydration plant	Development of design documentation and process flow documentation for redesigning	Tarko-Sale, Russia	2014
187	TOO "Kaztehrresurs"	Apparatus for gravitational settlement of suspensions	Development and manufacturing	Astana, Kazakhstan	2014
188	JSC "Nizhnekamsk-neftekhim"	Isoprene monomer plant. Unit for removal of methanol from propane fraction. Separators E-FA-441, E-FA-442	Manufacturing, delivery and chief installation of internals	Nizhnekamsk, Russia	2014
189	JSC "Tatneft"	Stripping column K-2	Development, manufacturing and delivery of internals	Almetyevsk, Russia	2014
190	JSC "Arktikgaz"	First line of the Samburg field. Coalescing filters for separators S-2, S-4	Manufacturing and delivery of internals	Novy Urengoy, Russia	2014
191	JSC "Arktikgaz"	Second line of the Samburg field. Coalescing filters for separators S-2, S-4	Manufacturing and delivery of internals	Novy Urengoy, Russia	2014
192	LLC "Gazprom dobycha Nadym"	Bovanenkovskoye field. CGTP-1	Manufacturing and delivery of filtering elements for mist eliminators	Nadym, Russia	2014
193	JSC "Arktikgaz"	First and second lines of the Samburg field	Works on measuring dropping liquid entrainment in gas streams after separators S-2 and S-4	Novy Urengoy, Russia	2014
194	LLC "Gefest-ST"	JSC "Kazan-orgsintez", High-density polyethylene production and processing plant. Apparatuses of ethylene and isopentane cleaning S-1420, S-2101, S-2109, S-2111	Works on uniform loading of catalysts and inert materials	Kazan, Russia	2014
195	LLC Research and Production Company "EkoPromServis"		Manufacturing and delivery of random packing	Samara, Russia	2014

196	LLC Expert Technical Center "CKBN"	Complex gas treatment plant of Achim deposits of the Urengoykoye field. Separator-slug catchers SP-111 – 4 pieces	Manufacturing and delivery of internals	Podolsk, Russia	2014
197	LLC "PLCGroup"	Gas purification workshop of Booster compressor station of ZTGP gas field. Separator 60S-1 No. 2 of type GP1300.01 Gas purification workshop of Booster compressor station of ZTGP gas field. Separators 60S-1 No.6, 60S-1 No.7 of type GP2425.01 – 2 pieces Complex gas treatment plant of Vyingoyakhinsk gas field. Separators S-3, S-4, S-5 of type GP2091.01 – 3 pieces for LLC "Gazprom dobycha Noyabrsk"	Manufacturing and delivery of internals for overhaul of separator 60S-1 No. 2 Manufacturing and delivery of internals for overhaul of separators 60S-1 No.6 and 60S-1 No. 7 Manufacturing and delivery of internals for overhaul of separators S-3, S-4, S-5	Kazan, Russia	2014
198	LLC "PLCGroup"	CGTP-10 of Urengoykoye field. Gas purification workshop. Separator S-101 No.3. Filter-separator FS-101 for LLC "Gazprom dobycha Urengoy"	Manufacturing and delivery of internals for upgrading separators	Kazan, Russia	2014

199	LLC "PLCGroup"	Separators S-1, S-2, Phase separators R-1, R-2 for LLC FPK "Kosmos-Neft- Gas"	Manufacturing and delivery of internals	Kazan, Russia	2014
200	JSC "Nizhnekamsk- neftekhim"	Isoprene monomer plant. Separator E-48/2	Manufacturing and delivery of internals	Nizhnekamsk, Russia	2014
201	JSC "Nizhnekamsk- neftekhim"	Isoprene monomer plant. Unit for removal of methanol from propane fraction. Static mixers SM441, SM442	Development, manufacturing and delivery	Nizhnekamsk, Russia	2014
202	JSC "Nizhnekamsk- neftekhim"		Manufacturing and delivery of random packing	Nizhnekamsk, Russia	2014
203	LLC "Farmcontract"	Laboratory pilot unit for distillation	Manufacturing and delivery	Moscow, Russia	2015
204	LLC "TyumenNIIgiprogas"	Uzbekistan. Tashkent thermal power plant. Separator 1-T96.01.00.000 – 2 pieces	Manufacturing and delivery of internals	Tyumen, Russia	2015
205	LLC "NS-Oil"		Manufacturing and delivery of internals	Novo- spasskoe, Russia	2015
206	LLC "SPETS-M"	LLC "Gazpromneft- Vostok", Compressor station "Pochinki"	Manufacturing and delivery of filtering elements	Perm, Russia	2015
207	LLC "Tansu"		Manufacturing and delivery of segmentary structured packing	Bishkek, Kyrgyzstan	2015
208	JSC "Tatoilgas"		Manufacturing and delivery of a reproduction batch of combustion chambers MGTU- 65 (for gases), injectors MGTU-S-65 (for gases)	Almetyevsk, Russia	2015
209	JSC Biochemical holding "Orgkhim"		Designing works for technical re-equipping of a pine oil distillation unit for the purpose of producing solid terpineol T-92	Nizhniy Novgorod, Russia	2015
210	JSC Biochemical holding "Orgkhim"		Development of a pilot plant for production of commercial solid perfumery terpineol at the rate of 20 ton/year	Nizhniy Novgorod, Russia	2015

211	JSC "HMS Neftemash"	Static mixer 251-V-02-PG- SM-01 - 2 pieces	Designing, manufacturing and delivery	Tyumen, Russia	2015
212	LLC "NPO Vertex"	Complex gas and condensate treatment plant of Vostochno- Urengoyenskoye license area. Low temperature stabilization unit. Tanks RG8900, RG15200, slug catcher RG40000 for CJSC "Rospan International"	Designing, manufacturing and delivery of internals	Krasnodar, Russia	2015
213	LLC "Keystone Construction"	Gas treatment plant. - Coalescing filters of fuel gas F-1.1...F-1.6, - separators S0.1, S0.2, S2.1, S2.2, - three-phase separator S-106 for LLC "YaRGeo"	Designing, manufacturing and delivery of internals	Moscow, Russia	2015
214	AOJSC "Tsentrenergogaz", JSC "Gazprom"	Gazprom Dobycha Yamburg Ltd.	Overhaul of process equipment	Novy Urengoy, Russia	2015
215	LLC "NS-Oil"		Laboratory study on extraction of diesel fraction from mazut in a vacuum column	Novo- spasskoe, Russia	2015
216	JSC "TatOilgas"		Manufacturing and delivery of a reproduction batch of injectors MGTU-S-65 (for gases)	Almetyevsk, Russia	2015
217	JSC "Pervomaisk- khimmash"		Manufacturing and delivery of internals	Pervomaiskii, Russia	2015
218	JSC "Volgograd- neftemash"	JSC "TANECO". Fractionating column for product S0001, stripping column for light gasoil S0002, stripping column for heavy gasoil S0003	Chief installation of internals	Volgograd, Russia	2015
219	LLC "Gefest-ST"	JSC "Kazan- orgsintez". High-density polyethylene production and processing plant. Ethylene	Works on uniform loading of catalysts and inert materials	Kazan, Russia	2015

		cleaning apparatuses S-1005, S-2103, S-1006			
220	LLC "NGST"	Booster compressor station of ZTGP gas field. Separator 60S-1 of type GP1300 for LLC "Gazprom dobycha Noyabrsk"	Manufacturing and delivery of internals for overhaul of equipment	Kazan, Russia	2015
221	LLC "NGST"	Preliminary gas processing terminal of Ety Purovskoe gas field. Separator S-1 of type GP2091.24 for LLC "Gazprom dobycha Noyabrsk"	Manufacturing and delivery of internals for overhaul of equipment	Kazan, Russia	2015
222	JSC "TANECO"	Static mixers (eductors) 3200Y1101 – 4 pieces	Designing, manufacturing and delivery	Nizhnekamsk, Russia	2015
223	JSC "Dimitrovgrad-khimmash"	Booster compressor station for Cenomanian gas of Yurkharov oil and gas condensate field. Separators S-1.1, S-1.2, S-1.3, S-2.2, S-2.2 for LLC "Novatek-Yurkharov-neftegaz"	Manufacturing and delivery of internals	Dimitrovgrad, Russia	2015
224	LLC "AllianceTechSnab"	Column K-101 for LLC "LUKOIL-Volgograd-neftepererabotka"	Delivery of internals (trays), chief installation	Moscow, Russia	2015
225	JSC Biochemical holding "Orgkhim"		Research study on the topic: "Investigation of possibility of continuous regeneration of a solvent from raffinate and extract solutions in the course of normalization of extracts by the selective purification method and development of base data for designing of a pilot unit of normalization of extracts"	Nizhniy Novgorod, Russia	2015

226	LLC "PLCGroup"	High-pressure compressor station No.1 of Central oil gathering station of Vankorskoye oilfield. Separators S-1.1, S-2.1, S-3.1 for ZAO "Vankorneft" JSC "Rosneft Oil Company"	Manufacturing and delivery of internals for maintenance overhaul of equipment	Kazan, Russia	2015
227	LLC "PLCGroup"	Yuzhno-Tambeiskoye field. Throttling and gas separation block. Separators S-301, S-302 for JSC "Yamal-LNG"	Manufacturing and delivery of internals	Kazan, Russia	2015
228	LLC "PLCGroup"	Filters F-01/AB, F-02/AB, F-03/AB, S-01 for Surgut condensate stabilization plant, LLC "Gazprom-pererabotka"	Manufacturing and delivery of internals	Kazan, Russia	2015
229	LLC "PLCGroup"	Yuzhno-Tambeiskoye field. Unit of low-temperature separation and condensate stabilization. Separator 055-V-009 for JSC "Yamal-LNG"	Designing, manufacturing and delivery of internals	Kazan, Russia	2015
230	LLC "PLCGroup"	Yuzhno-Tambeiskoye field. Technological lines. Filters 055-S-250 A,B - 2 pieces for JSC "Yamal-LNG"	Designing, manufacturing and delivery of internals	Kazan, Russia	2015

231	LLC "PLCGroup"	Yuzhno-Tambeiskoye field. Separators GS 2-6,3A,B for JSC "Yamal-LNG"	Designing, manufacturing and delivery of internals	Kazan, Russia	2015
232	LLC "PLCGroup"	Complex gas treatment plant of Achim deposits of Urengoykoye field of Samburg license area. Coalescing filters for separators S-111/1... S-111/5, S-201/1... S-201/4, S-202/1... S-202/4 for JSC "Arktikgaz"	Manufacturing and delivery of internals for maintenance overhaul of equipment	Kazan, Russia	2015
233	JSC "NIIPTKhim mash"	Tanks E-104, E-105 for PJSC "Nizhnekamsk-neftekhim"	Manufacturing and delivery of coalescing devices	Penza, Russia	2015
234	DI "Soyuzkhimprom-proekt" of Kazan National Research Technological University	For PJSC "Nizhnekamsk-neftekhim". Plant SKI	Calculations of separating ability of column-type apparatuses of plant SKI in case of increase of production capacity	Kazan, Russia	2015
235	OJSC "Tyumen Metal Structures Plant"		Manufacturing and delivery of internals	Tyumen, Russia	2015
236	JSC Biochemical holding "Orgkhim"	Melter apparatus	Development of engineering design, manufacturing, pre-commissioning and commissioning. Development of design and engineering solutions on improving qualitative and quantitative indicators of apparatus performance in the framework of preparing operational instructions for CJSC "Sibirsky Pine Chemical Plant"	Nizhniy Novgorod, Russia	2016
237	LLC "Gefest-ST"	PJSC "Kazan-orgsintez". High-density polyethylene production and processing plant. Ethylene purification assembly. Ethylene drying apparatus S-2113	Works on uniform loading of catalysts and inert materials	Kazan, Russia	2016

238	LLC "NOVATEK-Purovskiy ZPK"	Purovskiy ZPK (second line). Liquefied petroleum gas dehydration plant. Liquefied petroleum gas purification assembly	Manufacturing and delivery of shells of separators 070R-1, 070R-2 including internals. Chief installation and pre-commissioning	Tarko-Sale, Russia	2016
239	LLC "NOVATEK-Purovskiy ZPK"	Purovskiy ZPK (second line). Liquefied petroleum gas dehydration plant. Liquefied petroleum gas purification assembly. Static mixers 070SM-1, 070SM-2	Development, manufacturing and delivery	Tarko-Sale, Russia	2016
240	LLC "SiburTobolsk"	Static mixer SM-3	Development, manufacturing and delivery	Tobolsk, Russia	2016
241	LLC "PLCGroup"	High-pressure compressor station No.2 of Central oil gathering station of Vankorskoye oilfield. Separators S-1.2, S-2.2, S-3.2 of type NGP.02507.07.07 for ZAO "Vankorneft"	Manufacturing and delivery of internals for maintenance overhaul of equipment of water treatment plant	Kazan, Russia	2016
242	LLC "PLCGroup"	Maintenance overhaul of equipment. Coalescing filters for LLC "Novatek-Yurkharov-neftegaz"	Manufacturing and delivery of internals	Kazan, Russia	2016
243	LLC "PLCGroup"	Booster compressor station's gas purification workshop of Vostochny dome of Severo-Urengoyskoe oil and gas condensate field. Separators GS-1/1, GS-1/2, S-2/1, S-2/2, S-2/3. Slug catchers	Manufacturing and delivery of internals	Kazan, Russia	2016

		S-1/1, S-1/2, Separators RK-1/1, RK-1/2 for ZAO "Nortgaz"			
244	LLC "PLCGroup"	Complex gas treatment plant of Yurkharov oil and gas condensate field. Gas purification workshop. Separator S-3a.7 for LLC "Novatek-Yurkharov-neftegaz"	Manufacturing and delivery of internals	Kazan, Russia	2016
245	LLC "Engineering Chemical-Technological Center"		Research and development work on manufacturing a laboratory reactor for cyclohexane oxidation	Tomsk, Russia	2016
246	LLC "PPN-Servis"	Complex oil treatment plant. Block of gas desulfurization. Absorber K-301, desorber K-302 for JSC "Sheshmaoil"	Pre-commissioning	Almetyevsk, Russia	2016
247	LLC "Engineering Chemical-Technological Center"		Research work on separation of alcohol-containing fraction with preferred extraction of the C₅ alcohol	Tomsk, Russia	2016
248	PJSC "Tatneft"	Static mixers 4600M0301, 4600M0302	Development, manufacturing and delivery	Almetyevsk, Russia	2016
249	PJSC "Kazanorgsintez"	Plant bisphenol-A. Column 9	Calculation and confirmation of efficiency of distillation of crude phenol with account of reactions of condensation of hydrocarbon admixtures at transition from trays to packings. Development of engineering design for column	Kazan, Russia	2016
250	LLC "Gefest-ST"	PJSC "Kazanorgsintez". High-density polyethylene production and processing plant. Ethylene purification assembly. Ethylene drying apparatuses S-1004, S-1109, S-1110, S-1112, S-1419, S-2107, S-2108, S-2110, S-2112	Works on uniform loading of catalysts and inert materials	Kazan, Russia	2016

251	JSC Biochemical holding "Orgkhim"		Technological audit of timber and chemical workshop of Kotlas pulp and paper mill	Nizhniy Novgorod, Russia	2016
252	ZAO "Ion Exchange Technologies"		Research work on development and optimization of process flow diagram and parameters of cleaning of Sulphur-alkaline sewage waters and waste stream K7+K13 of LLC "Tomskneftekhim"	Moscow, Russia	2016
253	JSC "Uralkhim mash"	Chayandinskoye oil and gas condensate field. CGTP-3. Block of intermediate gas separator 20S-1. Block of low-temperature gas separator 20S-2. Separators 20S-1/1... 20S-1/4, 20S-2/1... 20S-2/4	Manufacturing and delivery of internals	Yekaterinburg, Russia	2016
254	LLC "NGST"	Complex gas treatment plant of Ety Purovskoe gas field. Separators S-2, S-4, S-5 of type GP2091.24 for LLC "Gazprom dobycha Noyabrsk"	Manufacturing and delivery of internals for overhaul of separators S-2, S-4, S-5	Kazan, Russia	2016
255	LLC "NGST"	CGTP GP-2 of Bovanenkovskoe gas field. Low temperature separator 29S-2/4 of type GP2449.08 TKPG No. 3 LLC "Gazprom dobycha Nadym"	Manufacturing and delivery of internals for overhaul of separator 29S-2/4	Kazan, Russia	2016
256	PJSC "Nizhnekamsk-neftekhim"	Columns Kt-95, Kt-145. Tanks E-57/1, E-57/2. Reactor R-28	Manufacturing and delivery of internals	Nizhnekamsk, Russia	2016
257	TOO "Enertek"	Unit for purification of tar oil	Manufacturing and delivery	Almaty, Kazakhstan	2016

258	LLC "Kurgankhimmash"	Yarudeyskoe field. Separator SB-1, gas separators S-1.1, S-1.2, S-3.1, S-3.2, phase separators R-2.1, R-2.2, R-1 for LLC "YaRGeo"	Supervised installation	Kurgan, Russia	2016
259	PJSC "Nizhnekamsk-neftekhim"	Apparatuses E-110/3, E-110a/3	Manufacturing and delivery of internals	Nizhnekamsk, Russia	2016
260	FGUP "General directorate of special construction of the territory of the Urals to the federal agency for special construction"	Static mixers X111/1..X111/3, X225, X230, X237, X316 for chemical plant LLC "Gazprom neftekhim Salavat"	Development, manufacturing and delivery	Izhevsk, Russia	2016
261	AO "Gazpromneft-MNPZ"	Static mixers M0301, M0302	Development, manufacturing and delivery	Moscow, Russia	2016
262	LLC "Gaznefteservis"	Columns K-1, K-2, K-3. Separators RZh-1, RZh-2, S-7	Designing, manufacturing and delivery of column shells and separators with internals	Zhirnovsk, Russia	2016
263	LLC "Tuimazinskoye GPP"	Oil and gas processing unit. Columns K-201, K-202	Development of detailed design documentation and conducting field supervision. Carrying out design works in the framework of program "Technical re-equipping of columns"	Tuimazy, Russia	2016
264	PJSC "Nizhnekamsk-neftekhim"	Static mixers D-11	Development, manufacturing and delivery	Nizhnekamsk, Russia	2016
265	JSC "Kazan-compressormash"	Yamburgskoye field. Modular compressor system MKU TAKAT-78.2-7. Inlet two-stage separator, oil catcher - 3 pieces, coalescing filter	Designing, manufacturing and delivery of internals	Kazan, Russia	2016
266	OU Solifinance		Delivery of equipment for uniform loading with granular bulk materials	Tallinn, Estonia	2017
267	LLC "NOVATEK-Purovskiy ZPK"	Straight-flow mist eliminator	Manufacturing and delivery	Tarko-Sale, Russia	2017

268	OJSC "Sibneftemash"	Chayandinskoye oil and gas condensate field. Mobile compression system of helium concentrate membrane separation plant. Block of filter-separators: 66GTs-S-101, 66GTs-S-102, 66GTs-S-103, 5GTs2-S-101, 5GTs2-S-102, 5GTs2-S-103	Development of engineering designs of apparatuses	Tyumen, Russia	2017
269	JSC Biochemical holding "Orgkhim"		Research work on the topic "Extraction of heavy VGO from wide fraction of vacuum gas oil". Development of an engineering design of the unit	Nizhniy Novgorod, Russia	2017
270	LLC "SIBUR Togliatti"	Gas-liquid distributor	Manufacturing and delivery	Togliatti, Russia	2017
271	PJSC "Nizhnekamsk-neftekhim"	Absorber Kt-15/1,2	Manufacturing and delivery of random packing	Nizhnekamsk, Russia	2017
272	JSC "Arktikgaz"	Cartridge filters for separators S-3A1, S-3A2, S-2.1, S-2.2, S-5A1, S-5A2	Manufacturing and delivery	Novy Urengoy, Russia	2017
273	OJSC "Sibneftemash"	Chayandinskoye oil and gas condensate field. Gas compressor unit. Block of filter-separators 66GTs-S-101, 66GTs-S-102, 66GTs-S-103	Manufacturing and delivery of contact internals	Tyumen, Russia	2017
274	JSC "Uralkhimmash"	Chayandinskoye oil and gas condensate field. Block of intermediate gas separator 20S-1. Block of low-temperature gas separator 20S-2	Manufacturing and delivery of internals	Yekaterinburg, Russia	2017
275	JSC "Salavatneftemash"		Manufacturing and delivery of plate-type packing	Salavat, Russia	2017
276	LLC "Mashmeteks"		Manufacturing and delivery of filtering elements	Perm, Russia	2017

277	LLC Expert Technical Center "CKBN"		Calculations of process equipment and development of operating manual for internals at facility: "Reconstruction of Cenomanian deposits of Kharasaveyskoye gas condensate field"	Podolsk, Russia	2017
278	AO "Gazpromneft-MNPZ"	Filter of fuel gas pos. GF-401A/B - 2 pieces	Manufacturing and delivery	Moscow, Russia	2017
279	LLC "Industrial Equipment Production"	Bulk capacity vessel 1-200-1-1	Manufacturing and delivery of internals	Samara, Russia	2017
280	JSC "Dimitrovgrad-khimmash"	Block of filter-separators: 5GTs2-S-101, 5GTs2-S-102, 5GTs2-S-103	Manufacturing and delivery of contact internals	Dimitrovgrad, Russia	2017
281	LLC "NGST"	Suzun field. Booster compressor station for associated petroleum gas. Inlet separator S-3, outlet separator S-5 for JSC "Suzun"	Manufacturing and delivery of internals	Kazan, Russia	2017
282	LLC "Gefest-ST"	PJSC "Kazan-orgsintez". High-density polyethylene production and processing plant. Ethylene cleaning apparatus S-2110	Works on uniform loading of catalysts and inert materials	Kazan, Russia	2017
283	LLP "KazInRuss-Trading"	For Kazakhstan	Manufacturing and delivery of random packing	Kazan, Russia	2017
284	LLC "Trade House RM Rail»	Bulk capacity vessel GEE1-2-100-0,77-1-I	Performing works on strength calculations	Republic of Mordovia, Ruzaevka, Russia	2017
285	JSC "Dimitrovgrad-khimmash"	Separators: S-1.1/2, S-2.1/2	Manufacturing and delivery of internals	Dimitrovgrad, Russia	2017
286	LLC "Tulgan pererabotka"	Raw hydrocarbons processing plant	Inspection, analysis and process calculation of equipment	Orenburg Region, Tyul'gan st., Russia	2017
287	JSC "Kazan-compressormash"	KGS-611 of Yamburgskoye field. Inlet separator, oil catcher, coalescing filter for Gazprom Dobycha Yamburg Ltd.	Supervised installation and pre-commissioning. Measuring dropping liquid entrainment	Kazan, Russia	2017

288	PJSC "Kazanorgsintez"	Column K-29	Manufacturing and delivery of internals	Kazan, Russia	2018
289	LLC "TNS-Razvitie"	Static mixer	Manufacturing and delivery	Leninigorsk, Russia	2018
290	JSC Biochemical holding "Orgkhim"	Unit of vacuum distillation of VGO	Manufacturing and delivery	Nizhniy Novgorod, Russia	2018
291	LLC "Tulgan pererabotka"		Manufacturing and delivery of random and segmentary structured packing	Orenburg Region, Tyul'gan st., Russia	2018
292	LLC "NGST"	Phase separators R-1, R1, R2, filter-separators S-1A, S-1B, FS-1, gas separator of first stage S1, low temperature gas separator S3, stripping column to recover methanol K1	Manufacturing and delivery of internals	Kazan, Russia	2018
293	JSC "Uralkhimmash"	Chayandinskoye oil and gas condensate field. PGPT-2. Block of gas separator 10S-1 for LLC "Gazprom dobycha Noyabrsk"	Manufacturing and delivery of internals	Yekaterin- burg, Russia	2018
294	LLC Research and Production Company "EkoPromServis"		Manufacturing and delivery of random packing	Samara, Russia	2018
295	Self-employed entrepreneur Kusumov R.N.	Static mixer GM-211 for JSC "Voronezhskintez- kauchuk"	Manufacturing and delivery of internals	Samara, Russia	2018
296	LLC "VPO Ex-Pro"		Manufacturing and delivery of filtering element	Kazan, Russia	2018
297	PJSC "Nizhnekamsk- neftekhim"		Manufacturing and delivery of liquid distributors	Nizhnekamsk, Russia	2018
298	LLC "NOVATEK- Purovskiy ZPK"	Straight-flow mist eliminator (coalescing element)	Manufacturing and delivery	Tarko-Sale, Russia	2018
299	LLC "Gaznefteservis"	Separators S-3 and S-4	Manufacturing and delivery of internals	Zhirnovsk, Russia	2018
300	LLC "Gazpromneft- Orenburg"	Kapitonovskoye field. Associated petroleum gas treatment facility. Separator GS-1	Manufacturing and delivery of internals	Orenburg, Russia	2018

301	LLC "Gazpromneft-Vostok"	Shinginskoye field. Separator VS-1 GTES-24 MW. Mesh-type mist eliminator and straight-flow mist eliminator	Manufacturing, delivery and supervised installation	Tomsk, Russia	2018
302	PJSC "ANK "Bashneft"	Absorber for purification of hydrogen-containing gas S-201/V-201	Manufacturing and delivery of internals	Ufa, Russia	2018
303	LLC "SiburTobolsk"	Coalescing element	Manufacturing and delivery	Tobolsk, Russia	2018
304	LLC "Cryogenmash-Engineering"	Coalescing filter (10 µm)	Manufacturing and delivery	Balashikha, Russia	2018
305	LLC "Cryogas-Vysotsk"	LNG production and trans-shipment terminal at the port of Vysotsk. Gas cleaning unit. Gas separators S-1/A and S-1/B	Manufacturing and delivery of coalescing filters	Vyborg, Russia	2018
306	JSC "Kazan-compressormash"	Oil dewaxing unit No.39/6-4. Gas-liquid distributor for grease separator for Gazpromneft-Lubricants Ltd.	Manufacturing and delivery	Kazan, Russia	2018
307	JSC "Kazan-compressormash"	Compressor unit AD 1500-7-5 UHL4. Gas-liquid distributor for grease separator	Manufacturing and delivery	Kazan, Russia	2018
308	JSC "Dimitrovgrad-khim mash"	Yarudeyskoye field. Gas treatment and operation section of booster compressor station of oil & gas production workshop. Inlet separators SV-4, SV-5, gas separators SV-4.1, STsV-500/63, STsV-800/40. For LLC "YaRGeo"	Manufacturing and delivery of internals	Dimitrovgrad, Russia	2018
309	JSC "Volgograd-neftemash"	Knockout drum 001 S-1, separator-slug catcher 11SP-1, gas separator 11S-1	Manufacturing and delivery of internals	Volgograd, Russia	2018

310	LLC "Aerosolex"	Liquid distributor	Manufacturing and delivery	Dzerzhinsk, Russia	2018
311	LLC "Apollo-Vostok"	Twin receiver tank	Manufacturing and delivery	Kazan, Russia	2018
312	LLC "Apollo-Vostok"	Mounting coils	Manufacturing and delivery	Kazan, Russia	2018
313	LLC "Technopark Real-Invest"	Desorber	Manufacturing, delivery and supervised installation of internals	Nizhny Novgorod region, Gidrotorf, Russia	2018
314	LLC "TNS-Razvitie"	Static mixer	Manufacturing, delivery and supervised installation	Leninigorsk, Russia	2019
315	LLC "TNS-Razvitie"	Hydrogen sulfide oxidation reactor	Manufacturing, delivery and supervised installation of internals	Leninigorsk, Russia	2019
316	JSC "Dimitrovgrad-khimmash"	Sterkhovoye field. Olympic license area. Slug catcher S-1, separator GS-1 for LLC "Novatek-Tarkosale-neftegaz"	Manufacturing and delivery of internals	Dimitrovgrad, Russia	2019
317	JSC "Dimitrovgrad-khimmash"	Gas treatment plant. Separators SV-4, SV-5, Gas separators SV-4.1, STsV-500/63, STsV-800/40 for LLC "YaRGeo"	Manufacturing, delivery and supervised installation of internals	Dimitrovgrad, Russia	2019
318	LLC "Aerosolex"	Liquid distributor	Manufacturing and delivery	Dzerzhinsk, Russia	2019
319	PJSC "ANK "Bashneft"	Absorber for purification of hydrogen-containing gas S-201/V-201	Supervised installation of internals	Ufa, Russia	2019
320	JSC "Volgograd-neftemash"	Construction of reservoir Ach5-1 of Samburg license area of Urengoykoye field. Knockout drum 001S-1, separator-slug catcher 11SP-1,2, gas separator 11S-1 for JSC "Arktikgaz"	Manufacturing, delivery and supervised installation of internals	Volgograd, Russia	2019

321	OJSC "Penz-kompressormash"	CGTP ПП-5. Separation equipment for modular compressor system. Inlet separator of stage I, inlet separator of stage II, grease separator, coalescing filter for Gazprom Dobycha Yamburg Ltd.	Manufacturing and delivery of internals	Penza, Russia	2019
322	LLC "Technopark Real-Invest"	Absorber (structured segmentary packing), desorber of rich amine solution	Manufacturing, delivery and supervised installation of internals	Nizhny Novgorod region, Gidrotorf, Russia	2019
323	LLC "SiburTobolsk"	Coalescing element	Manufacturing and delivery	Tobolsk, Russia	2019
324	LLC NPP "35MZ"	Achim deposits of Urengoyskoye field. Samburg license area. Booster compressor station. Separators: FS-1/1-4, FS-2/1-4, FS-3/1-4 for JSC "Arktikgaz"	Manufacturing, delivery and supervised installation of internals	Kaluga, Russia	2019
325	LLC "Novatek-Tarkosalenftegaz"	Workshops of natural gas and gas condensate dehydration of Vostochno-Tarkosalinskoe field and of Olympic license area. Separators	Measuring dropping liquid entrainment and calculations on technical upgrading	Tarko-Sale, Russia	2019
326	LLC "Novatek-Tarkosalenftegaz"	Vostochno-Tarkosalinskoe field. Low temperature separation unit. Separators 20S-2, 12S-2, 12S-1 with slug catcher 12PU-1	Manufacturing, delivery and supervised installation of internals	Tarko-Sale, Russia	2019

327	LLC "Novatek-Tarkosaleneftegaz"	Sterkhovoye field. Olympic license area. Low temperature separation unit. Inlet separator S-101 with slug catcher PU-101	Manufacturing, delivery and supervised installation of internals	Tarko-Sale, Russia	2019
328	LLC "Novatek-Tarkosaleneftegaz"	Vostochno-Tarkosalinskoe field. CGTP. Separators S-101/6, S-101/7	Manufacturing, delivery and supervised installation of internals	Tarko-Sale, Russia	2019
329	LLC "NOVATEK-Ust-Luga"		Research work on the topic: "Development of measures to reduce corrosion of equipment during the processing of stable gas condensate"	Leningrad region, village Vistino, Russia	2019
330	LLC "Aerogas"	Yarudeyskoe field. Absorber K-1. Single-pass trays, mesh-type mist eliminator for LLC "YaRGeo"	Manufacturing and delivery of column shell and internals; supervised installation	Zhukovsky, Russia	2019
331	LLC "Sivertex"	Combustion chamber for microturbine Capstone C-200 with a flange	Manufacturing and delivery	Vidnoye, Russia	2019
332	Kurnakov Institute of General and Inorganic Chemistry of the Russian Academy of Sciences	Laboratory unit for separation of isotopic systems	Manufacturing and delivery	Moscow, Russia	2019
333	LLC "MashTekhServis"	Columns K-1, K-2, reactor R-1 for AO "CNPC-Aktobe-munaygaz"	Manufacturing, delivery and supervised installation of internals	Cheboksary, Russia	2019
334	PJSC "Nizhnekamsk-neftekhim"	Plant BK. Workshop 1306. Examination of dehydration unit aimed at increasing productivity of dehydrators pos. R-28/1-4	Process and hydraulic calculations	Nizhnekamsk, Russia	2019

335	JSC "Uralkhimmash"	Novoportovskoye field. Gas-liquid distributor, straight-flow mist eliminators – 3 pcs. for LLC "Gazpromneft-Yamal"	Manufacturing and delivery	Yekaterinburg, Russia	2019
336	JSC "Uralkhimmash"	Chayandinskoye oil and gas condensate field. Block of separator 10S-1. Gas-liquid distributor, straight-flow mist eliminators, straight-flow filtering mist eliminators	Manufacturing and delivery	Yekaterinburg, Russia	2019
337	JSC "Uralkhimmash"	Separator-slug catchers 290.1.1-s-1 (290.1.2-s-1), separator 290.2.1-s-1, low temperature separator 290.4-s-2, separator 290.4-s-4	Manufacturing and delivery of internals	Yekaterinburg, Russia	2019
338	LLC "Cryogenmash-Engineering"	Filtering element (10 µm)	Manufacturing and delivery	Balashikha, Russia	2019
339	LLC "Gefest-ST"	PJSC "Kazanorgsintez", Workshop 152. High-density polyethylene production and processing plant. Apparatuses: S-2101, S-1420	Works on loading of catalyst and inert materials	Kazan, Russia	2019
340	LLC FPK "Kosmos-Neft-Gas"	Zapolyarnoye oil and gas condensate field. Booster compressor station of CGTP-1S. Separator 10S-1. Straight-flow mist eliminator with separation elements for Gazprom Dobycha Yamburg Ltd.	Manufacturing and delivery	Voronezh, Russia	2019

341	LLC "RTS"	Yurkharov oil and gas condensate field. Separators: S-3a.1-S-3a.3, S-3a.4-S-3a.9, S-3a.10-S-3a.11 for LLC "Novatek-Yurkharov-neftegaz"	Manufacturing and delivery of filter materials	Perm, Russia	2019
342	LLC "Apollo-Vostok"	Receiver tank	Manufacturing and delivery	Kazan, Russia	2019
343	LLC "NGST"	Achim deposits of Urengoykoye field. CGTP-21. Separator S-1 No.1...3, separator R-1 No.1...3, separator R-2 No.1...3, methanol stripping column K-1 No.1...3, low temperature separator S-3 No.1...3	Manufacturing, delivery and supervised installation of internals	Kazan, Russia	2019
344	LLC "NGST"	Urengoykoye field. Booster compressor station of CGTP-2B. Filter-separator FS-1 No.1...3, separator R-1 No.1...2	Manufacturing, delivery and supervised installation of internals	Kazan, Russia	2019
345	Gazprom Dobycha Yamburg Ltd.	Zapolyarnoye oil and gas condensate field. Booster compressor station of CGTP-3S. Separators 10S-1. Straight-flow mist eliminator with coalescing filter elements	Carrying out pilot operation of filter elements	Yamburg, Russia	2019
346	JSC Biochemical holding "Orgkhim"		Manufacturing and delivery of random packing	Nizhniy Novgorod, Russia	2019
347	JSC "Sayanskkhimplast"	Static mixer	Manufacturing and delivery	Sayansk, Russia	2019
348	JSC "TatNIIneftemash"	Filtering elements, random packing	Manufacturing and delivery. Development of engineering designs of filters	Kazan, Russia	2019
349	LLC "VPO EKS-PRO"	Filtering elements	Manufacturing and delivery	Kazan, Russia	2020

350	LLC "VPO EKS-PRO"	Filtering elements (10 µm)	Manufacturing and delivery	Kazan, Russia	2020
351	LLC "Apollo-Vostok"	Receiver tank	Manufacturing and delivery	Kazan, Russia	2020
352	LLC EIC "Technomir"	Separator 0410-E-101	Manufacturing and delivery of internals	Kazan, Russia	2020
353	LLC "YaRGEO"	Yarudeyskoe field. Central collection point. Sediment tanks OGN-P1/1,2,3	Manufacturing, delivery and supervised installation of internals	Nadym, Russia	2020
354	LLC "Novatek-Tarkosaleneftegaz"	Vostochno-Tarkosalinskoe field. Booster compressor station of central collection point: NPTsU "Compressor station II-line", 1 stage GPA №2. Separators S-1/2, S-1/3, S-1/4.	Manufacturing, delivery and supervised installation of internals	Tarko-Sale, Russia	2020
355	LLC "Novatek-Tarkosaleneftegaz"	Vostochno-Tarkosalinskoe field. Booster pump station for preliminary water discharge. Gas separator SG-1 NP YuU DNS with UPSV	Manufacturing, delivery and supervised installation of internals	Tarko-Sale, Russia	2020
356	LLC "Novatek-Tarkosaleneftegaz"	Vostochno-Tarkosalinskoe field. Separator S-5 of water NP YuU DKS	Manufacturing, delivery and supervised installation of internals	Tarko-Sale, Russia	2020
357	LLC "Novatek-Tarkosaleneftegaz"	Khancheykoye field. CGTP Workshop of natural gas and gas condensate dehydration. Primary separators 10S-1/1,2 with slug catcher 10 PU-1/1,2	Manufacturing, delivery of internals and supervised installation	Tarko-Sale, Russia	2020
358	LLC "Novatek-Tarkosaleneftegaz"	Severo-Russkoye field. CGTP. Incoming gas pipelines building No.2. Gas-liquid	Manufacturing and delivery	Tarko-Sale, Russia	2020

		distributor, straight-flow mist eliminator, straight-flow combined mist eliminator			
359	LLC "NOVATEK- Purovskiy ZPK"	Distributor 070R-1,2. Coalescing element	Manufacturing and delivery	Tarko-Sale, Russia	2020
360	LLC "NOVATEK-Ust- Luga"	Stable gas condensate processing plant TR652-1/4-95.1. Column K-102. Gas-liquid distributor	Designing, manufacturing, delivery and supervised installation	Leningrad region, village Vistino, Russia	2020
361	LLC "Gazprom dobycha Orenburg"	Orenburgskoe oil and gas condensate field. CGTP-14. Engineering services for "Improving the design of internals of the II-stage separator S- 302V" for the purpose of reducing liquid entrainment with separated gas	Selection of technical solutions for improving separation efficiency	Orenburg, Russia	2020
362	LLC "Gazprominvest"	Yamburgskoye field. Stage 2 of reconstruction. Filter block for purifying methanol F-1 and filter for purifying methanol F-2. For Gazprom Dobycha Yamburg Ltd.	Manufacturing, delivery and supervised installation	Novy Urengoy, Russia	2020
363	JSC "Arktikgaz"	Urengoyenskoye field. Methanol production plant. Complex of works on repair of gas separator S-0600. Internals: Gas liquid distributor, straight-flow mist eliminator, straight-flow filtering mist eliminator	Manufacturing, delivery and supervised installation	Novy Urengoy, Russia	2020

364	OJSC "Krasnodar plant Neftemash"	Adsorber and separator	Manufacturing, delivery and supervised installation of internals	Krasnodar, Russia	2020
365	JSC Biochemical holding "Orgkhim"		Manufacturing and delivery of random packing	Nizhniy Novgorod, Russia	2020
366	JSC Biochemical holding "Orgkhim"		Research work on the topic: "Development of initial data for designing a unit for separation of fuel oil or wide fraction of vacuum gas oil"	Nizhniy Novgorod, Russia	2020
367	LLC "Aerogas"	Separator S1000	Manufacturing and delivery of internals	Zhukovsky, Russia	2020
368	LLC "NGST"	Internals: flow leveler, plate-type packing, vertical mesh-type mist eliminator	Manufacturing and delivery	Kazan, Russia	2020
369	LLC "NGST"	Internals: gas-liquid distributors, straight-flow mist eliminator, straight-flow combined mist eliminator, straight-flow filtering mist eliminator	Manufacturing and delivery	Kazan, Russia	2020
370	LLC "NGST"	Internals: gas-liquid distributors, straight-flow mist eliminators, straight-flow combined mist eliminators	Manufacturing and delivery	Kazan, Russia	2020
371	JSC "Dimitrovgrad-khimmash"	Internals: gas-liquid distributors, vertical mesh-type mist eliminator, straight-flow combined mist eliminator, straight-flow filtering mist eliminator	Manufacturing and delivery	Dimitrovgrad, Russia	2020
372	LLC "ChemSteel"	Coalescing element	Development, manufacturing and delivery	Nevinnomyssk, Russia	2020
373	JSC "TatNIIneftemash"	Filtering elements	Manufacturing and delivery	Kazan, Russia	2020

374	LLC "Gefest-ST"	PJSC "Kazan-orgsintez". High-density polyethylene production and processing plant. Workshop 152. Apparatuses: S-2109, S-1004, S-1005, S-1006, S-1111, S-2103, S-2111	Works on uniform loading of catalysts and inert materials	Kazan, Russia	2020
375	JSC "Kazan-compressormash"	Yamburgskoye field. Modular compressor system MKU TAKAT. Inlet separators, oil catchers, coalescing filters. For PJSC "Gazprom"	Manufacturing and delivery	Kazan, Russia	2020
376	JSC "Kazan-compressormash"	Coalescing filter FK101 AD 1500-7-5. Internals: straight-flow mist eliminators, gas-liquid distributors	Manufacturing and delivery	Kazan, Russia	2020
377	Kazan National Research Technological University	Variable-volume reactor	Manufacturing and delivery	Kazan, Russia	2020
378	Kurnakov Institute of General and Inorganic Chemistry of the Russian Academy of Sciences	Equipment for laboratory unit for separation of isotopic systems	Manufacturing and delivery	Moscow, Russia	2020
379	LLC "Uralchem Innovation"		Work on the topic: "Study of protein extraction process to optimize production technology"	Moscow, Russia	2020
380	LLC NPP "35MZ"	Internals for dust collectors: gas-liquid distributors, straight-flow mist eliminators	Manufacturing and delivery	Kaluga, Russia	2021
381	JSC Biochemical holding "Orgkhim"		Manufacturing and delivery of random packing	Nizhniy Novgorod, Russia	2021
382	JSC Biochemical holding "Orgkhim"		Manufacturing and delivery of random packing	Nizhniy Novgorod, Russia	2021

383	JSC "Gazprom centroenergogaz"	Straight-flow mist eliminator for Gazprom Dobycha Yamburg Ltd.	Manufacturing and delivery	Novy Urengoy, Russia	2021
384	LLC "NGST"		Manufacturing and delivery of gas distribution packing	Kazan, Russia	2021
385	LLC "NGST"	Internals: gas-liquid distributor, filtering mist eliminator, straight-flow mist eliminator, mesh-type mist eliminator, flow leveler, plate-type packing	Development, manufacturing and delivery	Kazan, Russia	2021
386	OJSC "Penz-kompressormash"	Separator S-40	Manufacturing and delivery of internals	Penza, Russia	2021
387	LLC "PPN-Servis"		Manufacturing and delivery of structured and random packing	Almetyevsk, Russia	2021
388	LLC "Ecoport Voskresensk"		Technical audit of water-glycol solution production	Voskresensk, Russia	2021
389	LLC "Aerogas"	Gas-liquid distributor, straight-flow mist eliminator (centrifugal), filtering element for separator NGS-1	Development, manufacturing and delivery	Zhukovsky, Russia	2021
390	JSC "Dimitrovgrad-khimmash"	Flow levelers, plate-type packing for tanks E-701, E-703	Development, manufacturing and delivery	Dimitrovgrad, Russia	2021
391	JSC "Dimitrovgrad-khimmash"	Gas-liquid distributors, straight-flow mist eliminators for separators 5GTs2-S-101, 5GTs2-S-102, 5GTs2-S-103	Manufacturing and delivery	Dimitrovgrad, Russia	2021
392	LLC "Tatneft Aviaservice"	Static mixer	Development, manufacturing and delivery	Kazan, Russia	2021
393	LLC AVP "Group"	Reconstruction of Achim deposits of Urengoyskoye field. Samburg license area. Booster compressor station. Separators:	Supervised installation of internals	Yelabuga, Russia	2021

		FS-1/1-4, FS-2/1-4, FS-3/1-4 for JSC "Arktikgaz"			
394	OJSC "Sibneftemash"	Straight-flow mist eliminators, cartridge filters for straight-flow mist eliminators	Manufacturing and delivery	Tyumen, Russia	2021
395	LLC "Gazturbotek"	Cartridge filters for straight-flow mist eliminator	Manufacturing and delivery	Nizhniy Novgorod, Russia	2021
396	CJSC "RCP Nordix"	Straight-flow mist eliminators for separators S-1, S-2	Manufacturing and delivery	Moscow, Russia	2021
397	LLC "Neftemash"	Mesh-type mist eliminator	Manufacturing and delivery	Krasnodar, Russia	2021
398	LLC "VPO Ex-Pro"	Filtering elements	Manufacturing and delivery	Kazan, Russia	2021
399	LLC Research and Production Company "EkoPromServis"		Manufacturing and delivery of random packing	Samara, Russia	2021
400	DI "Soyuzkhimprom-proekt" of Kazan National Research Technological University	For JSC "Sibur Khimprom"	Services: 1) Inspection of distillation equipment of units for separating a mixture of n-butyric and isobutyric aldehydes at distillation columns K-301 and K-302, as well as separating commercial n-butanol and isobutanol at distillation columns K-501, K-502, K-503, K-504. 2) Calculation of process equipment and development of technologies for separating a mixture of n-butyric and isobutyric aldehydes, as well as separating commercial n-butanol and isobutanol at distillation columns K-501, K-502, K-503, K-504	Kazan, Russia	2021
401	LLC "Gazprominvest"	Yamburgskoye field. CGTP-1B	Works on supervised installation in the process of equipment installation for the project "Reconstruction of the process block for regeneration of DEG and methanol of CGTP-1B of the Yamburgskoye field"	Novy Urengoy, Russia	2021
402	PJSC "Tatneft"	Apparatus 30K2	Development, manufacturing and delivery of internals	Almetyevsk, Russia	2021

403	JSC "Kazan-compressormash"		Development, manufacturing and delivery of internals	Kazan, Russia	2021
404	JSC "Kazan-compressormash"	Yamburgskoye field. Inlet separator – 8 pcs, oil catcher – 8 pcs, coalescing filter – 8 pcs	Development, manufacturing and delivery	Kazan, Russia	2021
405	LLC "Slavyansk Eco"	Tubular reactor for neutralization of alkaline effluents R-5.2	Development of engineering design	Slavyansk-on-Kuban, Russia	2021
406	OJSC "Samaraneftegaz". PJSC "Rosneft Oil Company"	Mesh-type mist eliminator and straight-flow mist eliminator	Development, manufacturing and delivery	Samara, Russia	2021
407	OJSC "Krasnodar plant Neftemash"	Internals: flow leveler, plate-type packing, vertical mesh-type mist eliminator	Development, manufacturing and delivery	Krasnodar, Russia	2021
408	Bugulma Mechanical Plant PJSC "Tatneft"	Apparatus 21F2 (NK 762100000-0000) Internals: mist eliminator, injectors	Manufacturing and delivery	Bugulma, Russia	2022
409	JSC "Gazprom centroenergogaz"	Chayandinskoye oil and gas condensate field. Condensate stabilization unit at CGTP-3. Flow levelers for phase separators 30R-1	Manufacturing and delivery	Moscow region, Shchelkovo, Russia	2022
410	LLC "Peschanokopskaya Agrarian Laboratory"		Performing work on topic: "Preparation of initial data for a requirement specification needed in development of instrumentation for the pulp production process"	Rostov region, Peschanokopsky district, village Razvalnoe, Russia	2022
411	LLC "Himstalcon-Engineering"	JSC "Kola MMC". Sulfuric acid department of the refinery workshop. Contact apparatus	Development of engineering design	Saratov, Russia	2022

412	JSC "Ecos"		Conducting research work: 1) Isolation of ethylene glycol from a mixture of "ethylene glycol-water". 2) Development of initial data for design of an ethylene glycol regeneration unit	Moscow, Russia	2022
413	LLC "Gazprom dobycha Irkutsk"	CGTP-2 of Kovykta gas condensate field. Coalescing filters for separators 20S-1	Manufacturing and delivery	Irkutsk, Russia	2022
414	LLC SP "Bormash"	Liquid redistributor	Manufacturing and delivery	Voronezh, Russia	2022
415	LLC SP "Bormash"	Flanged flapper valves	Manufacturing and delivery	Voronezh, Russia	2022
416	PJSC "Tatneft"	Pre-scrubber (pos. 101A1), absorber (pos. 101A2)	Development of design documentation for internals	Almetyevsk, Russia	2022
417	LLC "Grand+"	Komandirshorskoye oil field. CGTP Komandirshor	Development of basic engineering design documentation	Kazan, Russia	2022
418	LLC "Plexor"		Manufacturing and delivery of cartridges	Moscow, Russia	2022
419	PJSC "Nizhnekamsk-neftekhim"		Performing work on topic: "Inspection of the production of linear alpha-olefins" and development of the main engineering solutions to improve the efficiency of the water-alkaline washing unit to eliminate blockages with a catalytic complex, aluminum hydroxide and to eliminate the entrainment of an alkaline medium into separation columns at the Oligomers & Glycols plant"	Nizhnekamsk, Russia	2022
420	LLC "Gazprom-komplektatsiya"	Filtering element filter cartridge (5-10 µm). For Gazprom Dobycha Yamburg Ltd.	Manufacturing and delivery	Saint-Petersburg, Russia	2022
421	JSC "Samaraneftegaz" PJSC "Rosneft Oil Company"	Gas preparation and compression workshop. gas-liquid distributor and flow leveler	Manufacturing and delivery	Samara, Russia	2022
422	Kazan National Research Technological University		Supply of polyphenylene sulfide	Kazan, Russia	2022
423	OJSC "Krasnodar plant Neftemash"	Separator KZN-A-V-700-G-0,75-1,3-3	Supervised installation of internals	Krasnodar, Russia	2022

424	LLC Management company "Akcenter"	Jet mill and internals for it	Manufacturing and delivery	Moscow, Russia	2023
425	LLC "Samur"	Gas-liquid distributor	Manufacturing and delivery	Samara, Russia	2023
426	PJSC "Nizhnekamsk-neftekhim"	Ethylene plant. Butadiene recovery unit	Design study to assess efficiency of operation and modernization of the existing process flow scheme for butadiene-1,3 production at ethylene plant	Nizhnekamsk, Russia	2023
427	TOO "BatysTrading"	Static mixer pos.PR-2-300-25	Manufacturing and delivery	Uralsk, Kazakhstan	2023
428	JSC "Selenginsky pulp and cardboard mill"		Study of extraction of arabinogalactan from larch aimed at assessing the possibility of continuous industrial processing	Republic of Buryatia, Kabansky district, Selenginsk, Russia	2023
429	LLC "LUKOIL-Komi"	Usinsk gas processing plant. Gas preparation and processing unit. Distillation column K-401. Column trays	Development, manufacturing and delivery	Usinsk, Russia	2023
430	JSC "Orgkhim Production Company"	Normalization workshop site. Norman-4 unit	Development of documentation on Technical upgrade of hazardous industrial facility called "Production site: workshop for normalization of extracts, section for pinan hydroperoxide, section for emulsifiers"	Uren, Russia	2023
431	JSC "Orgkhim Production Company"	Cooler T-4.302, recuperator T-4.305, separator T-4.308	Manufacturing and delivery	Uren, Russia	2023
432	OJSC "Krasnodar plant Neftemash"	Oil and gas separator with water discharge. Complete set of internals: flow leveler, plate-type packing, vertical mesh-type mist eliminator	Manufacturing and delivery	Krasnodar, Russia	2023
433	LLC "Plexor"		Manufacturing and delivery of cartridges	Moscow, Russia	2023
434	LLC "Plexor"		Manufacturing and delivery of cartridges and tooling for cartridges	Moscow, Russia	2023
435	JSC "Farus"		Manufacturing, delivery and supervised installation of random packing	Moscow, Russia	2023

436	Kazan National Research Technological University		Supplying a laboratory distillation unit (tray column)	Kazan, Russia	2023
437	LLC SP "Bormash"	Liquid redistributor	Manufacturing and delivery	Voronezh, Russia	2023
438	LLC SP "Bormash"	Liquid redistributor	Manufacturing and delivery	Voronezh, Russia	2023
439	LLC Production and commercial company "Pipeline units"	Filtering element (10 µm)	Manufacturing and delivery	Nizhniy Novgorod, Russia	2023
440	LLC "PromPrivodServis"	Coalescing elements. For LLC "NOVATEK-Purovskiy ZPK"	Manufacturing and delivery	Yekaterinburg, Russia	2023
441	LLC STC "Akhmadulliny"		Providing services for technological consulting on small-scale chemical production	Kazan, Russia	2023
442	LLC NPF "Modern Technologies"		Manufacturing and delivery of random packing	Yoshkar-Ola, Russia	2023
443	PJSC "Nizhnekamsk-neftekhim"		Research work on the topic: "Scaling up the technology for production of concentrated cyclopentadiene (≥99wt%)"	Nizhnekamsk, Russia	2023
444	JSC "Research Institute Graphite" (ROSATOM State Nuclear Energy Corporation)		Supply of modified (heat-stabilized) grade of polyphenylene sulfide	Moscow, Russia	2023
445	LLC "NEXT Engineering"	Pipeline assemblies for lines: - nitrogen - air - isobutane - isopentane - propylene - ethylene	Development, manufacturing and delivery	Kazan, Russia	2023
446	LLC "Rice"	Coalescing elements	Manufacturing and delivery	Perm, Russia	2023
447	JSC "Samaraneftegaz" PJSC "Rosneft Oil Company"	Gas-liquid distributor, mesh-type vertical mist eliminator, coalescing device	Manufacturing and delivery	Samara, Russia	2023
448	LLC "Engineering Systems"	Extractor S-301. Internals: - support grids - bed limiters - liquid	Development, manufacturing and delivery	Moscow, Russia	2023

		distributor - liquid redistributor. SPTE: - bolts - nuts - washers - studs			
449	LLC "Engineering Systems"	- Filter for saturated alkali solution F301A/B and SPTE - Filter for regenerated alkali solution F302A/B of purification stage I and SPTE - Filter for regenerated alkali solution F303A/B of purification stage II and SPTE	Development, manufacturing and delivery	Moscow, Russia	2023
450	LLC Production Enterprise "EPTS"	Shell, internals and SPTE of column 1K1 for separating the mixture into naphtha, kerosene and diesel fuel. Internals: - support grid - bed limiter - structured segmentary packing - random sectoral-annular packing - liquid redistributor	Design, manufacturing and delivery of shell, internals and SPTE for the column	Nizhniy Novgorod, Russia	2023
451	Self-employed entrepreneur Farakhov M.M.	Wastewater recycling unit	Development, manufacturing and delivery	Kazan, Russia	2023
452	Self-employed entrepreneur Farakhov M.M.		Development of technology for manufacturing filters from porous UHMWPE of various filtration fineness	Kazan, Russia	2023
453	LLC "INROST Company"		Manufacturing and delivery of coalescing elements	Yekaterinburg, Russia	2023
454	AO GC Titan	Laboratory distillation unit (packed column)	Development, manufacturing and delivery	Omsk, Russia	2023

455	JSC "Kazan-compressormash"	Compressor units AK-3 and AK 4. - filter elements for MO101 rough cleaning - filter elements for MO101 fine cleaning - filter elements for MO103 fine cleaning for Gazpromneft- Lubricants Ltd. (OZSM)	Manufacturing and delivery	Kazan, Russia	2023
